

The Federal Reserve Building in Washington DC

THE BIGGEST SCAM IN HISTORY

*Just in case you
didn't know the
Federal Reserve
is a private
company of
bankers with
twelve branch*

banks that confiscate our money and they have been doing this for almost a hundred years,--- this time! They are not part of the United States Government. Yet today they collect hundreds of billions of dollars from American taxpayers every year.

Pay attention now, you're about to read about the biggest and most successful scam in History.

*Mayer Amchel
Rothchild (1743-1812)*

*"Let me issue and
control a nation's
money, and I care not
who writes its laws"
--- Meyer Rothschild*

A Little History Lesson

Alexander Hamilton

*It was Alexander
Hamilton who
lobbied for the
first privately
owned Federal*

*Bank, and in 1789
Congress
chartered the
bank.*

Thomas Jefferson

*Thomas Jefferson
was adamantly
opposed to the
idea of a
privately owned
federal bank and
said " I
sincerely
believe the
banking
institutions
having the
issuing power of
money are more
dangerous to
liberty than
standing armies".*

James Madison

*In 1811, under
President James
Madison, Vice
President George
Clinton broke
the tied vote in
congress to cast
the bankers out
refusing to*

*renew the
charter for the
bankers.*

*Unfortunately it
was President
Madison who
proposed a
second United
States*

*privately owned
Central bank and
it came into
existence in 1816*

Andrew Jackson

*.However, in 1836
President
Jackson,
overriding
Congress, closed
it commenting,
"The bold effort*

*the present bank
had made to
control the
government are
but premonitions
of the fate that
await the
American people
should they be
deluded into a
perpetuation of
this
institution or
the
establishment of
another like
it." (we now have
another one like
it)*

*Andrew Jackson
also said, when
speaking to the
bankers:
a den of vipers
and thieves. I
intend to rout
you out, and by*

"You are

*the eternal God
I will rout you
out."*

Martin Van Buren

*When speaking to
his closest
friend, Martin
Van Buren,
Jackson said,
"The bank, is
trying to kill
me, but I will
kill it!"*

*(and he
did)*

*The first two
Federal Reserve
Systems lasted
about 20 years
each and we are
now almost a
hundred years
into the third
one.*

Woodrow Wilson

*The year is now
1913, the year
after Woodrow
Wilson was
elected
president of the
United States.
Prior to his
election he
needed financial
support to pay
for his campaign,
so he
reluctantly
agreed, that if
elected, he
would sign the
Federal Reserve
Act, in return
for that
financial
support.*

*In December 1913
while many
members of
Congress were
home for*

*Christmas, the
Federal Reserve
Act was rammed
through Congress
and was later
signed by
President
Wilson. At a
later date,
Wilson admitted
with remorse,
when referring
to the Fed. "I
have unwittingly
ruined my
country".*

*Now Comes
the Income
Tax! !!!*

*We didn't have
nor did we need*

*an income tax
until we got the
bankers back.*

*The income tax
was only needed
to pay interest
to the bankers
for our money
that they loan*

*to our
government. Yes,
you read that
right, the Fed,
mostly on paper
and computer,
creates money or
pays the
treasury a small
printing fee for
currency, and
then loans this
money to our
government. Our
taxes pay them
interest on this
loan that cost
the FEDS*

*virtually
nothing to make,
what a
sweetheart of a
deal they have
going for them.*

*As of March 6,
2006, the national
debt stands at
8.2 trillion
dollars. The
American
taxpayers have
paid the FED
banking system
\$173,875,979,369.66 in
interest on
that debt in
just five short
months, from
October, 2005,
through
February, 2006. No
con artist or
group of con
artists in*

*history has ever
perpetrated a
scam that even
approaches the
scope of this one.*

*According to the
two volume work
by Bill Benson
and Red Beckman ,
"The Law That
Never Was" the
16th amendment,
which created
the IRS, was
never properly
ratified, not
even by one
state! These
gentlemen
traveled the
then 48 states to
verify that fact.
So in a very real
sense the income
tax isn't legal,
as many have
proclaimed, but
try not paying it
and see how far
you get before
the Feds come*

*after you and
confiscate
everything you
own.*

HENRY FORD

*Henry Ford once
said "It is well
enough that
people of the
nation do not
understand our
banking and
monetary system,
for if they did, I
believe there
would be a
revolution
before tomorrow
morning".*

*Federal Reserve Bank,
Minneapolis, Minnesota*

*In the nearly 100
years of the
existence of the
Fed, it has NEVER
been audited and
they don't pay
income tax on
the billions of*

*dollars they
take from us.*

*According to
Congressional
record the U.S.
Government can
buy back the FED
at any time for
\$450 million.
That's about*

*half the amount
of money we pay
them daily.*

*Do we have the
most stupid and/
or the most
corrupt leaders
in the world, or
what? It seems
their # 1 concern
is getting re-
elected, they
seem to think
nothing of
shirking their
responsibilities
to the people
who elected
them to their
powerful
prestigious high
paying jobs.*

*Congress likes
the Fed because
they can spend
all they want
with no
restraints, they
just put our
children,
grandchildren
and great-
grandchildren
into debt.*

A Federal Reserve note is just what it looks like, it's just a piece of

*paper with no
backing*

*whatsoever. This
is why Congress
hates gold and
silver backed
money, it forces
them to live
within their
means. Of course
they also get
other perks from
the Fed. perks
far too numerous
to mention here.*

*Article 1,
section 8, of the
Constitution
reads:
The Congress
shall have the*

*Power.....To coin
Money, regulate
the Value
thereof,....*

*Nowhere in that
document does it
give Congress
the authority to
delegate this
responsibility
to anyone, much
less a bunch of
private bankers.*

*It may be that
you were never a
big fan of John F.
Kennedy, but you
may see him in a
different light
after you learn
how he took on
the FEDS. He had
the foresight to
see what a bad*

*deal had been
struck in the
creation of the
Federal Reserve.*

*He also had the
courage to do
something about
it. which
unfortunately,
may have cost him
his life.*

*On June 4, 1963,
President
Kennedy signed a
Presidential
decree,
Executive Order
11110. This order
virtually
stripped the
Federal Reserve
Bank of its
power to loan
money to the
United States
Government at
interest.*

President

*Kennedy declared
the privately
owned Federal
Reserve Bank
would soon be
out of business.*

*This order gave
the Treasury
Department the
authority to
issue silver
certificates
against any
silver in the
treasury. This
executive order
still stands
today. In less
than five months
after signing
that executive
order President
Kennedy was
assassinated on
November 22, 1963.*

*Photo taken about 2
minutes before JFK was
assassinated*

*The United
States Notes
(silver
certificates) he
had issued were
taken out of
circulation*

immediately.

*Federal Reserve
Notes continued
to serve as the
legal currency
of this nation.*

*It is estimated
that 99% of all U.
S. paper currency
circulating in
1999 are Federal
Reserve Notes.*

*Lincoln also
took on the
bankers and that
brave bold step
may also have
cost him his life.*

During the Civil

*War (from 1861-1865),
President
Lincoln needed
money to finance
the War for the
North. The
Bankers were
going to charge
him 24% to 36%
interest.
Lincoln was
horrified and
greatly
distressed, and
he would not
think of
plunging his
beloved country
into a debt that
the country
would find
impossible to
pay back.*

*So Lincoln
advised Congress
to pass a law
authorizing the*

*printing of full
legal tender
Treasury notes
to pay for the
War effort.*

Lincoln

*recognized the
great benefits
of this issue. At
one point he
wrote: "... (we)
gave the people
of this Republic
the greatest
blessing they
have ever had -
their own paper
money to pay
their own
debts..."*

*The Treasury
notes were
printed with
green ink on the
back, so the
people called
them*

*"Greenbacks".
Lincoln had
printed 400
million dollars
worth of
Greenbacks (the
exact amount
being \$449,338,902),
money that he
delegated to be
created, a debt-
free and
interest-free
money to finance
the War. It
served as legal
tender for all
debts, public
and private. He
printed it, paid
it to the
soldiers, to the
U.S. Civil
Service
employees, and
bought supplies
for the war.*

*Lincoln was
assassinated
shortly after
the war and
Congress revoked
the Greenback
Law and enacted,
in its place, the
National
Banking Act. The
national banks
were to be
privately owned*

*and the national
bank notes they
issued were to
be interest-
bearing. The Act
also provided
that the
Greenbacks
should be
retired from
circulation as
soon as they came
back to the
Treasury in
payment of taxes.*

***Follow
The Money!!!***

*When you follow
the money you*

*find there was
no-one in the
world who had a
better reason to
kill these two
Presidents than
the bankers. It
seems
inconceivable
that anyone
could still
think there was
no conspiracy in
the
assassination of
JFK, especially
when you
consider the
many people that
were murdered or
had suspicious
deaths and who
were associated
in some way with
Kennedy's
assassination.*

Is this proof?

NO

*Is this strong
circumstantial
evidence?*

YOU DECIDE

*Concern Without
Action Is A Waste
Of Time!! The
Federal Reserve,
United Nations,
Council of
Foreign
Relations,
Trilateral
Commission, the
Illuminati, the
Bilderbergers
and other elites
of the hidden
government are
leading us into
The New World
Order and they
are leading us*

*fast. You are not
going to like it
when we get all
the way there ,
and we are over
half way there
now.*

*Only we can save
this Republic!!!*

*I said "A **Republic**"
Not A Democracy!*

*This article was
written by my friend
Norman Chenoweth. He
graciously
consented to allow me
to edit it down to a
more appropriate size
for making into a web
page. He also allowed
me to add a few words
of my own throughout
the article. I can
only hope that
everyone I send this
web page to will read*

*it and share it with
others, the American
people deserve to
know these facts
about the FEDERAL
RESERVE SYSTEM.*

*Norman has written
some other articles
that I hope you will
take the time to read
as they are about
things every American
should know but sadly
most don't. He also
has a wonderful free
gift for you, be sure
to check to see what
it is, you won't be
sorry, believe me I*

know!
